SPECIFICATIONS SHEET

Fan folding Labels. Made easy.

Easy Fold is a new generation of compact fan folding machine which has been created for folding labels and tickets without sprocket holes and gears. The folding register is electronically controlled using label gap or print mark sensor reader. The finished product is neatly stacked on a programmable stacking table. Can handle up to 13" web.

PRODUCT FEATURES

- Compact design
- Innovative control via tablet for length size and settings input
- Couple of side guides to adjust the pin-less web feeding
- Electronic change size system with fold length in Z or mm
- Easy and fast set-up: programmable counter STOPS when reaching the set number of folders - the operate pulls out the pack, raises the collecting table and can start the next operating process
- Automatic descending table
- Fold phase setting adjustable during production
- Gap reader sensor suitable for die-cut labels
- 2-piece wheel holder unit with traction rubber wheel
- Folder with extraction rollers, beaters, and brushes
- Meets CE standards
