## VIDEO PLATE MOUNTING SYSTEM

**Available Sizes:** 250 mm (10 in), 330 mm (13 in), 430 mm (17 in), Custom (call for details)

### Simple. Efficient. Reliable.

A video plate mouter has become an essential tool for most Flexo print shops to ensure plates are mounted correctly before they get to press; it is the most effective system for mounting all types of photo polymer printing plates. This system will eliminate errors and save valuable press down time as it is quick and simple to use and is guaranteed to be accurate every time.

#### FEATURES:

- System available for a variety of machines and web widths
- Pin point video accuracy
- Plate clamp and positional adjustment
- Applications: Plate mounting for press ready cylinders
- Latest technology
- Technical equipment demonstrations
- Job/Application proving
- On-site and off-site training
- Installation and commissioning
